I INTRODUCTION – THE REASON FOR THIS REVISION

The State Survey and Remonumentation Act, 1990PA345 was revised on June 12, 2014 by 2014PA1661. The revisions, among other things, reinstated the State Survey and Remonumentation Commission and required them to formalize a REVISED County Plan. Issues identified in the law and by the Commission to be specifically addressed are:

- A. A plan to remonument all of the original Public Land Survey corners, property controlling corners and protracted corners and shall list any corners to be excluded or included;
- B. A perpetual monument maintenance plan;
- C. A Peer Review Group;
- D. Geodetic coordinates to be collected;
- E. Agreements, if any, for active geodetic control sites (CORS units);
- F. LCRC forms to be recorded at the County Register of Deeds Office and with the Office of Land Survey and Remonumentation.

II DEFINITIONS

Specific words and phrases are defined in 1990PA345 and 1970PA74, as amended. These words and phrases are included as a part of this plan. Other words and phrases used specifically in this plan include the following:

- 1) Continuing Operating Reference Stations (CORS)
A system of geodetic control stations State wide that broadcast latitude and longitude values. The stations are overseen by the MI Department of Transportation (MDOT).
- 2) Walk-in Corner
A corner or corners presented by a private licensed professional surveyor or a government licensed professional surveyor who requests to have the corner(s) included in the Remonumentation program at no cost to the County. The LCRC(s) to be added to the County program shall meet all of the criteria required of Monumentation Surveyors and the criteria of the detailed County Remonumentation Plan.
- 3) "As described" is defined as follows:
 - a) the corner marker is the same and undisturbed
 - b) all four witnesses are the same or if there were more than 4 originally, at least 4 of the witnesses are still intact
 - c) no additional information has been found to refute the location

III DETAILED COUNTY REMONUMENTATION PLAN

- A. The County Plan for monumentation and remonumentation of all original public land survey corners, any associated property controlling corners, any and all protracted property controlling corners and public land survey corners as identified in this County Plan.
- 1) A Land Corner Recordation Certificate (LCRC) shall be filed with the County Register of Deeds pursuant to the requirements of 1970PA74, as amended, for all corners identified in the detailed listing included in this plan. No more than 2 corners shall be included on one LCRC form.
 - 2) The County Corner monument shall be a no. 5 (5/8" dia) rebar 30" long with a 3-1/2" aluminum cap with plastic inserts to prevent contact of the aluminum and steel. On the cap the corner code, Township and Range identification and the Monumentation Surveyor's professional license number shall be stamped into the aluminum cap.
 - 3) When a public land corner is determined not to be where an existing corner marker has been used to described existing land descriptions, the existing marker shall be designated a Property Controlling Corner. The marker description and four witnesses per 1970PA74 shall be placed on the same LCRC as the true remonumented corner is described.
 - 4) Where there is an existing concrete monument or other government agency marker in place which is determined to be occupying the corner position, if the existing monument is in good condition, that marker should be maintained if it is a government agency marker. If it is a concrete monument, that marker shall have the County cap as described in item 2 above placed on the monument. If it can not be installed or if the existing conc. monument is in a deteriorated condition, it shall be removed and a standard County corner, as described in item 2 above, shall be installed.
 - 5) If any corner(s) originally selected in a yearly program are changed during the year, a report by the County Surveyor shall be filed at the close of the year outlining what changes(s) took place and the reason(s) for the revisions. This report shall be filed with the County Grant Administrator and a copy sent to the State Office of Land Survey and Remonumentation.
- B. All Monumentation Surveyors shall be selected utilizing Qualification Based Selection (QBS) procedures.
- C. The corners to be included in the County Remonumentation Plan are listed on the following pages:

IV PERPETUAL MONUMENT MAINTENANCE PLAN

All corners established, reestablished or perpetuated by the County Plan shall be visited to confirm the condition of the corner marker and accessories. Under 1970PA74, as amended by 2014PA420, a LCRC shall be refiled and recorded at the Register of Deeds office "unless the original public land survey corner monument and its accessories are as described in an existing LCRC filed under this Act.

In accordance with the definition of "as described" on page 3, Definitions, if a new LCRC is required, all of the information on the original LCRC shall be included with the part A data listed by reference to the Liber & page originally recorded and part B showing additional found data and new data added to part C of the LCRC. New geodetic data is not required if item 3 of the definition does not apply.

Each visit to a corner location, if no LCRC is required, shall file a visitation form, prepared by the County Surveyor, that will be filed in each corner file in the Register of Deeds office.

If a new LCRC is required, it shall be recorded in the Remonumentation Liber/Page book(s) and a copy placed in the corner file. The new LCRC may fill out part A by reference to the original LCRC Liber and Page of record. Part B and Part C will, of course, be modified.

All corners filed under the Remonumentation Plan prior to 2015 shall be revisited to obtain geodetic coordinates. An updated LCRC shall be recorded which includes all of the data shown on the previously recorded LCRC plus the geodetic coordinates with a comment in Part C stating the data that was added. The latest version of LCRC form for Remonumentation Corners shall be used.

Under the Perpetual Monument Maintenance phase of the Remonumentation program, it is the intent that corners shall be revisited on a 10 year basis. A revisit to a particular corner may occur in less than 10 years if there is a report filed with the County Surveyor that a particular corner has been damaged or removed.

V PEER REVIEW GROUP

There shall be a County Peer Review Group (CPRG) created. The CPRG will consist of an odd number of members as follows:

- 1) monumentation surveyors whose primary business office is located in Cheboygan County – 3
- 2) two additional members, licensed professional surveyors, selected by the County Surveyor – 2 (may be from adjacent Counties to Cheboygan County)
- 3) the County Surveyor, who is an ex-officio member, who serves as Chair of CPRG

The five members will be recommended by the County Surveyor to the Board of Commissioners for approval. The term of office on the CPRG shall be one year with no limit of terms. If there is a Deputy County Surveyor, that person shall chair a CPRG meeting in the absence of the Chair. The Grant Administrator shall attend CPRG meetings to take minutes and answer any questions relative to the grant administration and funding.

There shall be only one individual from a Monumentation Surveyor's business company appointed to the CPRG in a voting capacity. No proxy attendance and voting in place of an official CPRG member. A quorum is a majority of the CPRG members appointed by the Board of Commissioners in attendance.

A retired professional surveyor who has allowed their license to lapse may be considered for appointment to the CPRG. The County Surveyor shall review such requests, obtained input from the current CPRG members, obtain consensus from them and then make a recommendation, if appropriate, to the Board of Commissioners for appointment.

If the number of Monumentation Surveyors shall change, either by increase or decrease, the number of CPRG members shall change to maintain an odd number of voting members. In no case shall the number of CPRG voting members be less than 5 and the maximum number be more than 7 if determined by the County Surveyor to be needed.
