

CHEBOYGAN COUNTY HOME IMPROVEMENT LOAN SERVICES PROGRAM
Pre-Qualification Form (PQF)

Homeowners interested in funding assistance from Cheboygan County Home Improvement Loan Services must submit a completed Pre-Qualification Form (PQF) as the first step in the application process. The PQF streamlines the qualifying process by allowing a quick review of major program requirements. This is done to save the applicant the time and expense of filling out a full application, if minimum requirements are not met. Pre-qualifying does not guarantee that an applicant will actually receive funding or that funding will be available – it is just a step in the process that expeditiously evaluates whether or not an applicant may be eligible.
