

FREE Screening

A documentary by director James Redford, and an official selection of the 2016 Sundance Film Festival, *RESILIENCE: The Biology of Stress and the Science of Hope* explores the science behind Adverse Childhood Experiences (ACEs). The film chronicles the birth of a new movement among pediatricians, therapists, educators and communities, who are using cutting-edge brain science to disrupt cycles of violence, addiction, and disease.

Hosted by the Charlevoix-Emmet Trauma Informed Community Team and its partners:

3 locations and dates to choose from
