**BOYNE CITY HISTORIC PRESERVATION COMMUNITY
EDUCATION SESSION**

Wednesday, June 22nd, 2016

Boyne City Historic Preservation Community Education Session

364 N. Lake St.

Boyne City, MI 49712

4 p.m. – 7 p.m.

Free & open to the public!

Historic preservation has numerous benefits to communities – protection for the rich heritage of downtowns and neighborhoods, stabilization of property values, a contribution to beautification efforts, and an enhancement for tourism. Safeguarding a community’s historic assets contributes to the retention of existing residents while attracting new investment.

Join us for a discussion on the value of preservation in Boyne City, what the different types of historic designations are and how they differ, what it means to own a property in a locally designated historic district, and learn about the role of the historic district commission.

Refreshments and light fare will be available.

Questions? Contact: reintjes@mhpn.org or Call: 231.582.0335

This event is made possible through the City of Boyne City and the Michigan Historic Preservation Network
