Kyle Knight, Chief of Police

PUBLIC NOTICE

2017 FALL LEAF & BRUSH PICK-UP PROGRAM

The following is the schedule for the City's leaf and brush pick-up for the 2017 spring season:

Dates: **October 2nd – November 10th** (weather permitting)

Pickup Includes: leaves, brush, and yard waste

Instructions:

- All materials must be placed at curbside, not in the street.
- Leaves and yard waste, including flowers, plants, grass, etc. should not be placed in plastic bags.
- Each type of material (leaves, brush, and yard waste) must be placed in separate piles.

Limits on Brush Pick-Up

There is a limit of approximately the equivalent of one pick-up truck full of brush (unchipped) per resident/property owner per month. The brush may not have limbs greater than **3"** in diameter.

The City will NOT pick up brush in the following situations:

1. Where the resident/property owner has hired a commercial service to trim trees or bushes or clear brush. The service provider will be responsible for removal.
2. When trees or bushes or brush are cleared to facilitate a construction project for the resident/property owner, in which case the resident/property owner or contractor will be responsible for removal.
3. When the brush pile exceeds the equivalent of one pick-up truck full (unchipped) the DPW Director will notify the resident or property owner if it is determined that he/she is responsible for removal.

City residents and property owners only may take leaves, grass, and other yard waste generated from in-City locations directly to the City's compost pile at [Kiwanis Park](#) at any time, please do not leave it in plastic bags. We cannot accept brush at Kiwanis Park or any other City location. Brush is accepted at the [Emmet County drop-off center](#) located at [7363 Pleasantview Road](#).

If you have questions about this service, please call Lucas VanderZee at the Department of Public Works at 526-0604.
