

PETOSKEY MONTESSORI CHILDREN'S HOUSE & ELEMENTARY SCHOOL

Volunteer Commitment Agreement

In the Montessori philosophy, families are an integral part of the students' education process. Commitment and participation of parents and guardians are essential to fulfill the purpose of our school. An active involvement in the school in one of the best ways to support your child's classroom and school in general.

At Petoskey Montessori Children's House and Elementary School families are asked to commit to a minimum of twenty (20) hours of volunteer work every academic year.

Volunteer hours are tracked and recorded on an ongoing basis by the administration and reported throughout the year. You may report your hours to the administration office as well as inquire about volunteer opportunities. Throughout the year there are several events where families can volunteer, such as the Spring and Fall clean-up. There are also a number of committees where your volunteering hours will be greatly appreciated, such as the Maintenance and Fundraising Committees.

Families unable to complete their volunteer hours are asked to consider a monetary donation instead, with a suggested rate of \$10 to \$15 per hour.
