

Association for Harbor Arts presents Magic Box Traveling Theatre

The mission of the Association for Harbor Arts (...aha!) is to provide experiences in the arts to the greater Harbor Springs area with a special focus on its students, with the goal of nurturing the artist within every child and to enrich the cultural environment in which we live.

The Youth Advisory Committee recently made a small \$800 grant to the Magic Box Traveling Theatre (formerly known as the Young Adult Community Theatre Outreach Program). With this funding, Traveling Theatre will perform theme-driven live theater for youth in grades kindergarten – 5th throughout northern Emmet County. This program simultaneously provides performance and leadership activities for young adults while taking the theater to area schools at no cost.

This year's play, *Anansi the Spider*, is humorous and entertaining, and teaches audiences the importance of being patient and acting thoughtfully.
