

# Themed Dinner Cruises

*Themed Dinner Cruises are fun for everyone!*

If you've dreamed of an escape to Germany, Ireland, or even Hawaii but can't afford the time or expense, a mini-escape may be just what your wallet ordered. The Soo Locks Boat Tours invite you to climb aboard and step into a different theme every Saturday night this summer.

From the very beginning you'll know that this is a boat cruise with a twist. Whether it be donning a cowboy hat upon boarding, walking past tiki idols and receiving a Hawaiian lei, celebrating "Christmas in July", or cheering on the boat tour pirates as the ticket office girl walks the plank, you will be in for a fun-filled evening. The themed menus for each cruise are tailor made for the occasion. Shortly after the boat's departure from the dock a delicious buffet is served. You'll enjoy the sights on the beautiful St. Mary's River as the tour vessel leisurely cruises this international waterway. On the cruise you will experience locking up bound through the historic Canadian Lock and locking down bound through the giant U.S. Locks. All the varied sights are thoroughly explained by a live narration. The only constant is a wonderful evening on the water and truly fond memories of historic Sault Ste. Marie.

"Each year we have expanded our theme cruise offerings and passengers really enjoy these eventful evenings," said Steve Welch, part of the management team at the boat tours. "Each theme cruise offers something special."

The 5:30 pm cruises are kid-friendly and passengers can choose to dress in theme or just come along for the ride. The toughest decision may well be which of these cruises to choose.
