

Quality Windows and Doors for All Seasons

Wojan Joins BOMA as National Associate Member

August 25, 2010

We are pleased to announce that Wojan Window & Door has recently become a National Associate Member of BOMA International. We look forward to working with members of the organization at both the national and regional levels.

Wojan's diverse product line covers a variety of commercial and architectural applications. Whether for new construction or retrofit, our aluminum windows and doors are aesthetically attractive and energy efficient.

Commercial and Architectural Performance Ratings

Wojan M-85 Series windows carry several commercial performance ratings, with the single-hung rated as CW50. 4500 Series hoppers are rated AW90, fixed are AW70. 4600 Series awnings are AW70, casements are HC65.

Finishes, Glass Options and Accessories

Wojan offers a wide range of finishes that meet or exceed specified performance standards including AAMA 2603, AAMA 2605, and AAMA 611. Custom colors are available. A variety of glass options and accessories are also available.

Meeting Your Green and LEED Needs

Wojan Window & Door was a green company long before environmental awareness became trendy... Our product line's recycled aluminum, glass, and vinyl content help contribute points toward your efforts to achieve a desirable LEED rating for the building project.

Founded in 1952, Wojan Window & Door Corp. manufactures quality aluminum windows and sliding glass doors for the U.S. marketplace from facilities in Charlevoix and Coldwater, Michigan. The diverse product line is rated for a variety of commercial and architectural applications. Wojan has been recognized four years in a row by Inc.[®] Magazine as one of the fastest growing private companies in America. Wojan is a member of AAMA (American Architectural Manufacturers Association), and is a registered provider with AIA/CES (American Institute of Architects Continuing Education System).
