

BIG MANISTEE RIVER

The Big Manistee River is one of the premier rivers of Michigan, offering over 90 miles of access and varied difficulty levels, from beginner to expert paddling experiences (depending on the segment). This river is wide and smooth-flowing. Some parts have tighter navigation and fast switchbacks, which may take you a little off guard, but overall in the Cadillac region, this river is perfect for the casual paddler. With all of those switchbacks, you will quickly find many sandbars, perfect for socializing and sunbathing. See livery websites for trip details.
