

Enjoy lunch and a boat cruise in Sault Ste. Marie

Soo Locks provide the entertainment at Northern Michigan attraction

(SAULT STE. MARIE, MI) Blessed with an abundance of things to see and do in Michigan's oldest city, group tour planners have a new option that maximizes both time and value. The [Soo Locks Boat Tours](#) offers a [luncheon cruise](#) that combines the best Sault Ste. Marie has to offer – the beautiful St. Mary's River, the Soo Locks, and a delicious meal.

A two-and-a-half-hour cruise provides the perfect backdrop for a relaxing lunch. Departing at Noon, passengers enjoy the scenic harbor and a variety of landmarks that dot the United States and Canadian coastlines while seated in a relaxed dining room with an ever-changing view.

The highlight for many is "locking through" – traveling through the Soo Locks alongside giant freighters and other marine vessels. A means of traversing the 21-foot drop that occurs between Lake Superior and Lake Huron, the Soo Locks are an engineering marvel that must be experienced to be appreciated. All Soo Locks Boat Tours cruises are accompanied by an expert narrator who will point out notable buildings, area history, and little-known facts.

As the wonders of Sault Ste. Marie pass alongside our tour boat, passengers enjoy a flavor-filled buffet. Planners can choose between two menus and all come with two entrees, side dishes, bread, salad, and dessert. Coffee, lemonade and tea are also included.

Dates for luncheon cruises are flexible, depending upon the size of the group. For assistance in planning your lunch cruise, call Marion at (906) 632-6301 or visit us [online](#).
